

## WE KNOW

by Kevin Rutherford

We know there is a God because the evidence of His existence is found in that which He designed and created (Psalm 19:1-6). We know the Bible is from God because of the internal and external evidence that proves its divine origin. Its remarkable unity and its accurate prophecy remove any doubt about the source of the Bible (2 Timothy 3:16, 17).

Because we know that the Bible is from God, we know that what is contained upon the pages of the Bible is truth (John 17:17; 14:6). Consequently the Bible has become our guide in life. It provides real, true focus and perspective in life and on what is going on in the world around us. We know that those who follow God are right and that everyone else is following Satan (1 John 5:19). We know that only those who follow God can truthfully know they are saved (1 John 5:13).

With our perspective on reality grounded firmly in the truth and fact of the Scriptures we can make moral decisions concerning those things we see going on in the world around us. We understand that God has set His moral standard and that He expects us to live by that standard. We see all kinds of problems inherent within an immoral lifestyle. We also see culture collapsing because of a compromise of moral truth and absolutes.

With our hearts, souls, and minds grounded firmly within the concrete, firm, and everlasting Word of God we will not be swayed by the majority. We will not give in to the liberal, immoral, humanists. We will not give in to the politically correct when being "politically correct" is wrong. We will not give in to the immoral onslaught of filth and garbage promoted in media. We refuse to bury our heads in the sand and pretend that everything is okay. It isn't and it is getting worse.

We will not back away from God's standard for marriage set forth boldly in the Scriptures. We will not back away from God's judgment upon the works of the flesh. We will not seek to excuse men in their sin. We will not give in, give up, or compromise. Or, will we? Have you?

How much have you given in to the liberal, immoral philosophies of the day? How much of your belief system came from the devil? How far have you compromised? Have you pulled your head out of the sand, awakened to reality, and started living a life of total devotion to God and His Word?
